On next page you will find list of questions that you have added to exam like in my case I added 25 questions of 1 marks each total marks 25 and maximum grade is also 25 click on shuffle and now finally click save to publish exam.

The screenshot shows the Moodle quiz editing interface for 'BOT-121 Exam'. The page title is 'Editing quiz: BOT-121 Exam'. Below the title, it indicates 'Questions: 25 | This quiz is open'. There are two buttons: 'Repaginate' and 'Select multiple items'. On the right side, there is a 'Navigation' panel with a search bar and a list of course items including 'Dashboard', 'Site home', 'Site pages', 'My courses', 'Agri-1', 'BOT-521', 'Science', 'ENG', 'Maths', 'Participants', 'Badges', 'Competencies', and 'Grades'. In the center, there is a 'Maximum grade' field set to '25.00' and a 'Save' button. Below this, there is a 'Total of marks: 25.00' label and a 'Shuffle' checkbox which is checked. The main content area shows a list of questions across four pages. Page 1 has 'Question1 The capital of India is'. Page 2 has 'Question10 We breath in and release'. Page 3 has 'Question11 The cash croop is'. Page 4 has 'Question12 Water contains two elements'. Each question has a '1.00' mark value and an 'Add' button. The Windows taskbar at the bottom shows the time as 3:02 AM on 5/25/2020.

Now return to your course from my courses and you will find that you exam is published.
